Roger - Spoke with Tony today and he indicated that he and Don were waiting for the CRO's response to our latest study design due back to us by August 26<sup>th</sup>. After Don's and Tony's initial discussions with Covance (Keith Phillips) on technical and logistical issues, it was determined that the analytical meeting would be best held at Covance facilities in Madison on September 21-22. I will forward the CRO's study design response to both of them once we receive it so that they may have an opportunity to review the response and provide comments. - Robbie
